Neighbourhood Partnership Coordinator Board Report
April 2022**

Organizational Development and Service Measures Survey	The Organizational Health Assessment Tool (OHAT) and Service Measures Survey (SM) link for the 2021 calendar year is now open! Calgary Neighbourhoods is requesting that organizations complete the OHAT and SM with their Neighbourhood Partnership Coordinator (NPC) before June 30, 2022. The purpose of these tools is to identify current organizational health, sustainability and services provided by community associations and social recreation organizations in Calgary. Partner organizations represent a critical part of community life and service delivery in Calgary and the results of these surveys assist us in telling their collective story. These surveys are voluntary, but we hope that community associations/social recreation organizations and NPCs will work together to submit information on the 2021 calendar year . We know that 2021 has been another challenging year for groups and that results may be very different from previous years. Individual group information will not be shared publicly but aggregated results may be included in the annual audit report presented to Council in late fall 2022. Here is the link to the surveys: https://2022ohatnps.surveymonkey.com
Financial Management Covid Relief Fund	Thank you to Surina for gathering all required information and submitting to the Q1 2022 Covid Relief Fund. The application is now under review and will communicate the adjudication decision as soon as I receive.

Connecting City Resources
Neighbour Day – Saturday June 18, 2022
Strong neighbourhoods are important to the health and well-being of our whole city. When neighbourhoods thrive, the people who live there thrive too.
Neighbour Day started in June 2014 to celebrate the incredible outpouring of support and generosity neighbours demonstrated after the 2013 floods. We want to continue to celebrate one of the things that makes Calgary such a great city — our strong and caring communities.
Neighbour Day now provides the opportunity for Calgarians to celebrate our community spirit, kindness, and resilience through the pandemic.

Spring Clean-up street cleaning
The City's STREET cleaning program removes standing materials and debris that has accumulated on roads during the winter months. The City uses a balanced approach with our Spring Clean-up Program while upholding safety and environmental considerations within communities. Sweeping reduces water pollution by preventing the run-off of sand, mud, salt, and debris into storm water systems and reduces air pollution. **Preparations for the 2022 Spring Clean-up are underway.** Please check <https://www.calgary.ca/cityofcalgary/enrichment/eng/spring-street-cleaning.html> for schedule information.

Free Compost for Calgary Residents
THE CITY OFFERS: • **FREE** compost: The City is offering complimentary compost for Calgarians to use in their yards and gardens this spring. The compost is made from the food and yard waste collected through the Green Cart program. This year, compost will be available for pickup at Drop-off and Spill/Landfill between April 25 and June 11 by appointment only. Appointments can be booked at calgary.ca/compost starting April 18 for the following time slots: April 25 - May 14 appointments: Available to book starting April 18, May 18 - 08 appointments: Available to book starting May 9, May 30, June 11 appointments: Available to book starting May 23. One appointment per household. And remember to bring Shovel, Gloves, Tarp, Containers to hold compost (buckets, tubs, etc.).

LAND ACKNOWLEDGEMENT: The NHCA would like to take this opportunity to acknowledge the traditional territories of the peoples of the Treaty 7 region in Southern Alberta, which includes the Blackfoot First Nation tribes of Siksika, the Piikuni, the Kainai, the Stoney Nakoda First Nations tribes of Chiniki, Bearspaw, and Wesley and the Tsuut'ina First Nation. Calgary is also homeland to the historic Northwest Métis and to Métis Nation of Alberta, Region 3.

	<p>Free Compost for Community Gardens Once again, The City of Calgary is offering up to 10 cubic yards of Screened Category A compost to all community gardens in Calgary that can be used as a soil amendment for vegetable and flower beds. Please note this is separate from compost giveaway events for residents. The procedure is as follows: The community representative calls into 311 to request their Bulk Compost Pick Up. They will be sent an application form to start the process. Once the application has been received, a City representative will contact the community organization to schedule the pickup of the compost. Organizations are responsible for arranging a transport vehicle to pick up the compost from one of the following locations: East Calgary Waste Management Facility • 2000 69 St SE or Spryhill Waste Management Facility • 11800 69 St NW. Please note: Compost is free, no bags or tires will be provided. Limited quantities of compost are available. Pickup location will be assigned by a City representative.</p> <p>Calgary's Bird The City of Calgary, in partnership with Nature Canada and Bird Friendly Calgary, needs your help in making an official bird for FYC. Did you know that Calgary is home to over 200 bird species? Some live here year round, while others just visit while migrating. Now we're choosing a bird to represent our city, raise awareness about how important urban wildlife and biodiversity is, and to select CALGARY'S BIRD. See https://naturecanada.ca/calgarys-bird/ for more details (engagement ends May 1).</p> <p>Calgary Film Friendly Strategy The City's Film Friendly strategy is working to inform Community Associations of film work in communities. This is an important step to help spread the word to residents. If your NPC gets any information from the Film Friendly Strategy through the "44th Neighbour Letter" email sent to addresses close to the areas stipulated by the film set, we will let you know.</p> <p>Land in Home - Indigenous Art Exhibit at Ingwood Bird Sanctuary The Ingwood Bird Sanctuary will feature The Land in Home project - a rotating exhibition of artwork that features connections to the land, created by Indigenous artists. The spring exhibition will be up until July 6. Learn more about the exhibition rotation and artists at calgary.ca/landinhome.</p> <p>City of Calgary - Corporate Reassignment You may be hearing about The City of Calgary's planned organizational reassignment as information is becoming public. I just wanted to let you know that I will remain your contact with The City and there is no direct impact to your organization or your relationship with The City. Please let me know of any questions.</p> <p>Increasing Accessibility to & Safety of Affordable Child Care in Calgary The City of Calgary is seeking input from parents/guardians, and home-based child care operators about introducing a municipal business license for home-based child care businesses. We are planning to do it in the community gardens. This could also be a membership drive if NHCA wanted to join in.</p> <p>2) We are wondering if the NHCA might be able to provide water access at 101 Community Gardens for the water fight at this season?</p> <p>3) We are hoping for a memorial badge for the season (2022) to help us buy supplies for signage and events, coffee, tea, printing, etc. We wouldn't buy anything unless @@@@/@@@/@@@ 50 fig. we have already purchased tape for the cardboard board signs and formation sheets also for the sign.</p> <p>4) We have been looking into options to print water information that includes maps and tags to distribute again at the water fight. These are very difficult to print (change quickly and also shared by others). This would be about 200-300 per sign, and we have 8 signs. We were going to ask for help for the sign, but I think we are going to try and share ideas using a committee member's business machine this year and use that plan to try and save money. I would like to compensate Margaret Reyes for the machine used.</p> <p>5) NHCA will use to advertise this year with both signs? Perhaps just one round at the beginning of the season early May? Our Parade of Garage Sales will be May 28th so the water fight sign could get out in the street.</p> <p>We're thinking either: 101 Parade of Garage Sales May 28 www.facebook.com/101paradeofgaragesales/ to sign up and for our full season of free events!</p> <p>Or: The summer at the 101 Hub: Garage Sale Parade / Food Exchange / Summerfest / Market's Market / Bank Swap Follow us on Facebook @ 101paradeofgaragesales for more!</p> <p>6) We are hoping for more support from NHCA in helping our Facebook posts and events. We have been lucky to have a post on the NHCA website for each event in the past. We are hoping to get a little more support from NHCA on their platform (Facebook, newsletter, website) to advertise our events. @@@@ We have been a great supporter of NHCA events. We have a lot of NHCA posts on our page, as we see them in our limited audience and with our very small budget we need all the help we can get getting the words out about our events.</p> <p>7) Does NHCA have any sponsors for coffee/tea we could list up for our events or would they be willing to provide coffee and/or tea? This is always a very welcome treat for our participants.</p> <p>8) We are looking for some support from the NHCA in hosting these events, primarily on the form of:</p> <p>9) Does NHCA have any sponsors for coffee/tea we could list up for our events or would they be willing to provide coffee and/or tea?
