Fund Development Committee

Terms of Reference

Core Committee Members:

Ali Merani (lead), Tavis Settles, David Hartwick

Potential Size of Sub-Committee:

6 Members (Current Number: 3)

Objective:

The Capital Projects Sub-Committee's objective is to lead the initiative in improving the physical development of the Northern Hills Community, so as to increase the number of spaces and bring missing and necessary infrastructure where the NHCA and other community groups could host activities. The Sub-Committee meetings will focus on expanding ideas, directions, and/or proposals that were collected, brought up, and discovered over the many years of community engagement. The Sub-Committee hopes to include more community minded volunteers who can clearly identify what parts of the Northern Hills community need further development, and how this can be achieved.

People:

The Capital Projects Sub-Committee will meet weekly on Fridays at 2:00 pm [MDT], subject to change with more committee members. Participants in a session will span age, gender, cultural, and ancestral backgrounds. Participants are welcome to recommend guests that the committee can invite to a future session.

July 9 – Brainstorming Session

- *Where do we lack infrastructure in the community and what can we do to change that?*

July 16 – Capital Project Ideas
